

NWOBODO OBINNA CHARLES

PROFESSIONAL SUMMARY

As a passionate and innovative web developer with solid foundation in mechanical engineering, I am driven by the desire to create cutting-edge web applications that seamlessly blend functionality and aesthetics. My journey from the world of engineering to web development has equipped me with unique problem-solving perspective and a meticulous attention to detail. With hands-on experience in building dynamic, user-centric web applications using modern technologies, I am eager to bring my technical expertise and creative vision to a forward-thinking team. My goal is to contribute to projects that push the boundaries of web development, enhance user experiences, and drive digital transformation. I am committed to continuous learning and growth, ready to tackle new challenges, and excited to be a part of innovative solutions that makes a tangible impact.

WORK HISTORY

WEB DEVELOPER, FREELANCE

April 2024 – Present

Working on projects for clients, while I gradually build up my skill to professional level. Some of the projects are;

- **Blog Web Application**
A user friendly read-only blog web application.
- **Ecommerce Platform**
An online shopping platform using MERN stack for a client which also includes an online payment system.

WEB DEVELOPER (INTERN)

Jan 2024 – April 2024

GMC Web Services, Lagos Nigeria

- Assisted on the development of client websites, ensuring adherence to best practices in web design and development.
- Participated in code reviews and contribute to the improvement of code quality and maintainability.
- Assisted in conducting thorough testing and debugging to ensure optimal performance and user experience.
- Utilized HTML, CSS, JavaScript and React.js to create responsive and user friendly interface.

PROJECTS

- **Portfolio Website**

Designed and developed a personal portfolio website showcasing projects, skills, and experience.

- **Blog Platform**

Developed a read-only blog platform where users can only read and comment on articles.

- **Ecommerce Website**

A fully functional online shopping website with features such as product listing, shopping cart, and checkout process.

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, Tailwind CSS, ReactJS, NodeJS, Wordpress.

- **Database:** MongoDB.

- **Version Control:** Git, Github.

- **Tools:** VScode, Postman, npm, Webpack.

CERTIFICATION

GOMYCODE Javascript Bootcamp

2023

Full stack web development certificate.

EDUCATION

Enugu State University of Science and Technology.

B.Eng. Mechanical/Production Engineering

2009 - 2016

ADDITIONAL INFORMATION

- **INTEREST:** coding, open-source contribution, mechanical engineering technology trends.
